Unstumped by Stumpy—"The Little Cherry Tree that Could" Now Inspires All of Us

I will admit after our gala 50th celebration in 2023, I was a bit stumped about what we could do to top the intense interest in that special edition. Well, I had to look no further than than a gnarled persistent little cherry tree named "Stumpy" to answer that question. I first learned about Stumpy last fall when artist Jessica Pascual submitted a design featuring Stumpy into our annual t-shirt contest. I knew instantly that Stumpy had to become our mascot. I did not know at the time that Stumpy would be making his last appearance at the race due to the necessity of removing him due to a major seawall renovation around the Tidal Basin required to save hundreds of trees which would otherwise sink totally into the Tidal Basin. Suddenly Stumpy become much more than "the little cherry tree that could," and became a national hero appearing on national news programs, the Drew Barrymore Show live from New York and on the cover of the Washingtonian Magazine. Much of this coverage featured our mascot stumpy right alongside the "real" stumpy. Our mascot Stumpy even raced the four Presidents at Nationals Park the day before race day where, with irony, he chopped down George Washington and set up a rare win for Teddy. If you haven't seen our Stumpy highlights, you can find them on our website at www.cherryblossom.org. Both mascot Stumpy and the Spirit of Stumpy will live on.

Stumpy aside, or perhaps Stumpy inspired, there were still two and one enchanting races over the weekend — our 5K which swelled to nearly 7,000 finishers and Kids Run on Saturday, and nearly 18,000 finishers in our 10 Mile on Sunday which featured the USATF National 10 Mile Championship. Congratulations to Hillary Bor, who clipped another 15 seconds off his American Record and Emily Durgin who posted the fastest American women's time ever in the championship, narrowly missing Keira D'Amato's American record of 51:23.

So, sit back and scroll through the pages of our environmentally friendly PDF results publication and relive the excitement and the magic through the articles, over 70 photos from all weekend long, and finisher lists. As a reminder, you can measure your performance against our elite athletes or anyone else in the field by using of the "Age Graded" quotient supplied with each finisher's time in the 10 Mile and 5K results. This provides a way for you to compare your time, based on your age and sex, with the performance of any other runner based on his or her age and sex.

I hope your experience at this year's event will entice you to join the thousands race entrants who use their local Credit Unions for their financial needs. (Details about joining a Credit Union appear in the center spread of this results publication.) They have been the best title sponsor ever, all the way back to 2002. During their tenure, the credit unions and runners have raised over $11.5 million dollars for the Children's Miracle Network Hospitals, a total which was augmented by $550,000 this year.

I also would like to take a final opportunity to thank our 2024 Presenting Sponsors Asics, our official shoe and apparel sponsor and presenting sponsor of the 5K; new presenting sponsors BellSant (technology) and Warner Bros Discovery (Kids Run) along with returning Expo presenting sponsors Wegmans and REI. Also thanks are due to our supporting sponsors including PSCU-Co-op Solutions; TruStage; Gatorade, provider of the Gatorade Endurance Formula out on the course; Outside+/FinisherPix; Potomac River Running, our official retail sponsor; Suburban Solutions, who hauled a lot of stuff around on race weekend; United Lifestyle Brands for the t-shirts; and the Westin Washington, DC Downtown Hotel, our official race headquarters. I'd also like to extend a special thanks to DrinkMore water for supplying the water, the Montgomery County RRC for handling the water stop logistics, the National Park Service, and the U.S. Park Police.

Looking ahead to our 52nd, our plan is to open the 10 Mile lottery registration on December 1 and then open 5K first-come, first-served registration around December 20, 2024. The 5K will be limited to 8,000 entrants. Everyone who entered the race this year, even if you were not accepted, will be sent email notification about the entry process. Remember to let us know if you move or change your email address so we can keep our records up to date. If you have friends or associates who did not run this year (or if you have run before but did not run this year) anyone can sign up to receive an email containing the 2025 entry information on the race website at www.cherryblossom.org. Be sure to check your spam filters if you do not hear from us — or just check the website from time to time.

If you had a good time or have suggestions, please let us know. You may write to us at Credit Union Cherry Blossom, 4963 Elm St., Suite 106, Bethesda, MD 20814 or send us an e-mail to: racedirector@cherryblossom.org.

Once again, I am deeply indebted to all of my race committee members — especially Deputy Director Becky Lambros, Programs and Administrative Manager Shannon Ross and Cherry Blossom, Inc. President Jean Arthur — who toiled tirelessly throughout the year to make it all happen.

Happy Miles,
Phil Stewart
Event Director

Credit Union Miracle Day Making a Big Difference in Children's Health Care

The Cherry Blossom 10 Mile is a Focus for Fundraising

It was a scary time for the Newby family in Centreville, VA, six years ago.

Just a few hours after their daughter Mariana was born, doctors noticed she was having difficulty breathing. She was immediately transported from her local hospital to Children's National Hospital in Washington 25 mile away via the hospital's "SkyBear" helicopter in a matter of minutes. Children's National is the only hospital in the region with a pediatric-only trained flight team, having a range of 250 miles in all directions.

Mariana was taken into the Neonatal Intensive Care Unit and put on 100% oxygen. She was diagnosed with Persistent Pulmonary Hypertension of the Newborn (PPHN). PPHN is a serious condition with a mortality rate of over 10 percent. Prompt treatment by specialists is key to improving chances of survival and minimizing the risk of long-term complications.

Mariana was in Neonatal Intensive Care for a month. After release, she needed only routine check-ups by her pediatrician.

Today, at age 6, Mariana loves to color, read books and dance. "She giggles all the time," says her older sister, Gabriela. "I'm grateful for everyone at Children's National. I have my little sister because of that place."

Photo: Bob Burgess

The Newby family, from left to right: Lorean Newby (mom), Gabriela Newby (big sister), Mariana Newby (little sister/patient), Sean Newby (dad).

Children's National Hospital is a member of the Children's Miracle Network (CMN), consisting of 170 hospitals across the U.S. and Canada. CMN signs on partners and programs, often at the national level, who activate locations in local hospital markets.

This is where Credit Union Miracle Day, sponsor of the Cherry Blossom 10 Mile for the last 22 years, comes in. Since the race takes place in the D.C. market, a large portion of the funds raised directly benefit Children's National. Local credit unions also support the hospital.

This year, credit unions and industry partners presented a $550,000 donation from Credit Union Miracle Day to Children's Miracle Network Hospitals at the Credit Union Cherry Blossom 10 Mile (reaching a total of more than $11.5 million in two decades). Over $169,000 of the donation was raised directly by runners, their families, and friends who participated in the race. Moreover, nearly 800 credit union volunteers assisted in putting on the event.

Without the kind of funding facilitated by Credit Union Miracle Day's sponsorship of the Cherry Blossom 10 Mile for research, treatments, and medical equipment, medical "miracles" like the one that gave Mariana Newby a healthy start in life might be a lot less possible.

making a difference **together**

We are devoted to being a good neighbor in every community we serve. That's why we're working with customers like you to help our communities thrive. Your support allows us to give more and do more to improve lives and make our neighborhoods stronger. Thank you for helping us make a difference.

The 51st Credit Union Cherry Blossom 10 Mile: Men's Race a Nail-Biter; Women's Race Scatters the Field

by Mark Heinicke

For the second year in a row and third time in four years, the Credit Union Cherry Blossom was the U.S. 10 Mile Championships for men and women. There was an American prize purse of $42,600, with first place winnings of $10,000 for men and women, and the results reflected the presence of a talented field combined with strong financial incentives.

Prizes for the overall ("international") added up to $32,000, with $6,000 going to first place. Americans may "double dip"—i.e. collect both overall prizes and U.S. prizes. An American who wins in the overall could collect $16,000.

There's an additional $6,000 in the RRCA's RunPro Camper Alumni program—$3,000 from the Credit Union and $3,000 from the RRCA. First place $750.

All prizes are equal for men and women.

Finally, time bonuses are available for both first and second place in the overall: $1,000 and $750 for sub-46:00 men, sub-52:00 women.

The men's competition for the U.S. Championships: the American record is the target for Hillary Bor; Hillary Bor is the target for the rest

Coming into this event, one thing was certain: American Hillary Bor was out to set a national record—that is, break his own national record of 46:11, set last year at Cherry Blossom in suboptimal weather conditions. Before the race, he was confident he would do just that, take the U.S. Championships again, and given reasonably good weather, also break 46 minutes. Internationally Bor is known primarily as a steeplechaser, but he took happily to American roads in 2022, and in 2023 not only did he win the U.S. 10 Mile Championships, he also won the U.S. 15K Championships in March and the U.S. Cross-Country Championships in January. Having finished this early trifecta, Bor went back to racing steeplechase internationally in the remainder of 2023. The first three months of 2024 did not turn out as auspiciously for Bor as 2023: he placed fifth in the U.S. Cross-Country Championships, second in the U.S. 15K Championships, and fourth in the NYC Half Marathon in March.

Teshome Mekonen outkicked Bor a month earlier in this year's 15K Championships, 42:51 to 42:54, and that marked him one of the chief rivals to Bor at Cherry Blossom. Nathan Martin was coming off a seventh place in the U.S. Olympic Marathon Trials in a time of 2:11:00, and had shown his speed with a winning 8K time of 23:08 in Chicago's Shamrock Shuffle on March 24. In the Marathon Trials Martin had placed ahead of another favorite for Cherry Blossom, Biya Simbassa. Simbassa won the 10 Mile Championships at Cherry Blossom in 2021 and was third in 2023. He began 2024 with a sizzling 1:00:45 in the Aramco Half Marathon, placing fourth.

By confidently declaring his intention to set the national record on the very course on which he had set the existing record, Bor had put a target on his back. It posed an opportunity for a challenger to place highly and run a fast time—perhaps a national record—with a simple strategy: just stick with Hillary Bor as long as possible.

The stage was set for a hot competition—and when race day turned out to be cool and dry with little wind, sizzling times followed.

International Men's Competition: Kenyan triple threat.

In races of 10K and up, Kenyans often dominate, but while Kenyans placed first and second this day, they were hard-pressed by American men who placed third and fourth. All four set personal 10 mile bests within seconds of each other, and fifth place also went to a personal best.

Three Kenyans stood out as most likely to take the race to Hillary Bor: Wesley Kiptoo, Raymond Magut, and Shadrack Kimining. Kiptoo had the most impressive recent results, having claimed second place in this year's Aramco Half Marathon in 1:00:43, two seconds ahead of Biya Simbassa. Kiptoo also placed second at Aramco in 2023 in 1:00:35. In 2023, he triumphed in the renowned Falmouth Road Race 7 Mile, as well as the Pittsburgh Half Marathon in 1:01:21, and ran a personal best 2:10:28 in the Chicago Marathon in October. Raymond Magut's recent performances were unspectacular, unless you count tying a course record 45:14 in the 2023 Broad Street Run 10 Mile. Otherwise, Magut's 2023 was relatively lackluster; his best half marathon time was 1:03:01 in Atlanta. Kimining's recent results have also lagged behind his usual standards—he ran the fastest lifetime half marathon time of the bunch, 59:27 at Aramco for third, but that was back in 2020. He did place second at the 2023 Cardiff Half Marathon last October in 1:00:48; he has also run the 13th fastest time in the 50-year history of the Cherry Blossom 10 Mile: 45:48 for second place in 2022. At his fittest, Kimining's clearly a match for Kiptoo or Magut; his fitness coming into this year's race was an open question.

The men's race: four runners roped together for 9.6 miles then unknotted to finish six seconds apart

In the first four miles of the 10 Mile, the lead changed hands repeatedly in a group of eight: Kiptoo, Bor, Kimining, and Magut all took turns on the front. Focused on the record, Bor took charge whenever the pace slowed—yet surprisingly Shadrack Kimining was most often on the front. He was running as if he had the form when he ran 45:48 in 2022. Could he keep it up? Wesley Kiptoo tested Kimining and the others with a surge on a rise approaching the 5 mile, a test of power where a break often occurs. But Kiptoo's surge failed to shake the 8-man group consisting of Kiptoo, Kimining, Magut, Simbassa, Mekonen, Martin, Andrew Colley—and of course, Hillary Bor.

With his test not having produced the desired result, Kiptoo dropped to the back of the group and let the persistent Shadrack Kimining and Hillary Bor set the pace in the sixth mile. In the seventh mile, Andrew Colley lost contact, and passing the 7 mile marker, Bor charged into the lead and the remainder of the group began to fall apart. Briefly, Bor and Simbassa opened a slight lead on the others, while Kimining went backwards (by nine miles Kimining was more than half a minute behind the leaders). Soon thereafter the group was back together with Simbassa going stride for stride with Bor. Magut joined them on the front, and as they began to round Haines Point, with Simbassa and Magut in the lead, Wesley Kiptoo got restless and charged into the lead By the time the group hit the 8 mile mark, Kiptoo, Bor, and Magut

Continued on page 6

Continued from page 5

were just strides apart. Mekonen was the next to lose contact, followed by Simbassa: by 15K they were 21 and 9 seconds down. After stalking the leaders for nine miles, Nathan Martin finally tried his luck at the front of the remaining four-man group at mile marker 9. He told *Race Results Weekly,* "I was going for the win. A mile to go I tried to take off and gap people and it didn't work out." The other three covered his move and then some; by the finish Martin was four seconds down from third place—in this race a gigantic gap.

Bor's 45:56 American record put him third overall. He went head to head with Magut up the slope on Raoul Wallenberg Drive until Kiptoo whipped past them in the last 300 meters. Magut and Bor chased him to the line separated by two clicks. Another four clicks and Nathan Martin arrived in 46-flat. The four who had hung together for 10 miles finished six seconds apart: Kiptoo-Magut-Bor-Martin in 45:54-45:55-45:56-46:00. Biya Simbassa followed them in 17 seconds later as the third American, and Teshome Mekonen came in sixth in 46:38. Andrew Colley had rallied to a near-tie with Mekonen and took seventh place overall, while Shadrack Kimining paid for his early frontrunning by slipping to eighth in 46:46.

Besides scoring personal bests, Bor and Martin took the top two slots in the American all-time standings at Cherry Blossom. Kiptoo, Magut, and Bor moved into 16th , 17th, and 18th slots in the overall all-time standings.

Post-race, Bor told *Race Results Weekly* that "ten miles has been good to me." Sure 'nuff: this was Bor's third national 10-Mile Championships win in a row, following 2023 at Cherry Blossom and the 2022 Medtronics Twin Cities 10 Mile. Now, he is going back to steeplechase training for a try at making the U.S. Olympics team at the Trials starting on June 21; he was first at the last Olympic Trials. It makes one wonder what would happen if more distance runners gave the steeplechase a whirl.

The women's competition for the U.S. 10-Mile Championships: a reprise of the 15K Championships?

Forecasting who might do well among the American women in the 10 Mile Championships was made a lot simpler by the presence of three runners who had dominated five weeks earlier at the 15K Championships in Jacksonville, FL: Rachel Smith, Emily Durgin, and Annie Frisbie. Smith won in 48:26; Durgin placed third in 48:44, and Frisbie fourth in 49:28. The top places at Cherry Blossom were likely to go to any or all of the three.

All-in-all, the fight for top spot was going to pit two road warriors—Durgin and Frisbie—against a runner—Smith—known best for her exploits on the track.

Smith—known as Rachel Schneider until her marriage in 2021 to Mike Smith (director of cross country and track and field at Northern Arizona University)—boasts track times of 31:04.02 for 10,000m (set in March of this year), 4:02.26 for 1500m, 14:52.04 for 5000m … and so forth. Smith's only notable road race of late, besides the win in Jacksonville this year, was placing second in the Abbott Dash to the Finish Line in New York in a time of 15:26 in New York last November. At the time, Smith was still coming back from having a baby in April, but by the spring of 2024 was back on form.

Smith's speed and her win in Jacksonville against the other two made her the favorite among the Americans on the flattish Cherry Blossom course.

Emily Durgin had a strong season in 2023, topped by winning the Bolder Boulder 10K in 33:25 at altitude, and placing third in the U.S. Cross Country Championships. In 2022, she scored her best half marathon at the Aramco Half Marathon, finishing sixth in 1:07:54.

Durgin's deep record and the result in Jacksonville gave her an edge over Annie Frisbie on paper, although it's worth noting Frisbie ran 52:10 against Durgin's 52:16 in the 2022 Championships in Minneapolis. At the marathon they are equally matched: Durgin beat Frisbie by a stride for ninth place in the Olympic Marathon Trials, both timed in 2:27:56; Frisbie's lifetime best is 2:26:18, set in New York in 2021, and she ran 2:27:02 in Berlin last year; Durgin's lifetime best is 2:26:46 in last year's Toronto Waterfront Marathon.

If Durgin or Frisbie were to beat Smith, it would require setting a hard pace from end to end, in order to outlast Smith at a distance and with a surface that valued endurance over speed. They had failed to do that in Jacksonville in March, so they had their work cut out for them.

Top international competitors: women

Ugandan Sarah Chelangat, age 22, was the presumptive winner in the overall. Chelangat won Cherry Blossom in 2023 in 52:04, trouncing the road-hardened Sara Hall by 33 seconds, and followed up with half marathons in 1:07:59 in Copenhagen, and 1:08:04 in Hong Kong. She won the Diamond League 5000m in Stockholm with a Ugandan national record 14:40.88. Her most likely challengers for the win were Ethiopians Tegest Ayalew Ymer, owner of a 1:08:06 half marathon best and Ethiopian Kasanesh Baze, with a half marathon best of 1:08:40, both set in 2023. Another Ugandan, Esther Chebet, with a 5K best of 15:02, rounds out the fastest bunch.

The women's race: a tale of gaps

Whereas in the men's race, a group of eight stuck together through six miles and gradually dropped four runners one-by-one through the next three miles, the women's race broke up early.

Unlike last year, when Chelangat cruised alongside the lead group, looking them over for the first five miles, Chelangat seized the lead in the first mile and never let go. Baze stayed with her for the first three miles, but was unable to maintain the scorching pace, which at that point was 5:01 per mile, and Chelangat gapped her by 23 seconds through six miles. The first 5K (15:33) was Chelangat's fastest, and while she slowed as the race progressed by the end she set an event record. Baze drifted back to join Emily Durgin, who was leading fellow Americans Smith and Frisbie by 14 seconds at the 5K mark. By 10K, Chelangat held a 22 second lead over Durgin and Baze, and that pair had a 24 second lead over Smith and Frisbie. Coming through 8 miles, as her pace was slowing to 5:13 per mile, the strain was showing on Chelangat's face, as opposed to the stoical expression she had kept a year before. She had a comfortable lead, but running alone for the last five miles was taking its toll.

Durgin, Baze, and Ethiopian Tegest Ymer together flew through 10K in 31:45 , but a new gap opened in miles seven and eight: Durgin dropped the two Ethiopians and began to close the gap ever-so-slightly on Chelangat. Chelangat's lead over Durgin shrank from 22 seconds to 18 seconds by 15K and shrank another six seconds in the last mile.

By the finish, Chelangat had set an event record of 51:14, besting by two seconds a 26-year-old mark set by Colleen DeReuck. For her part, Durgin's 51:26 knocked a huge 47 seconds off the best-ever time for a U.S. woman in the race. In fact, Durgin's time was just three seconds slower than the U.S. 10 mile record in an all-women's race, set by Keira D'Amato in 2020. (Because the elite women start 12 seconds before the men, their times qualify as women's-only marks.)

By the time Durgin finished with a 12-second gap back to Kasanesh Baze, the second and third places in the U.S. Championships had been decided: Rachel Smith had closed to within two seconds of Baze, leaving Annie Frisbie another 21 seconds back. Esther Chebet arrived four seconds after Frisbie, but it was almost another minute between Chebet's sixth place and seventh place Tegest Ymer—52:05 to 53:03. Gaps between the first seven places were 12-12-2-21-4-58 seconds. The hard pace set by Chelangat and Durgin had strung out the competition and paid off handsomely U.S. Championship.

Reflecting on her win, Durgin told *Race Results Weekly* "If I ended up second here today and still ran fast I was going to be happy with it. Thankfully, I think I gapped Rachel enough so she wasn't able to out-kick me this time [referring to the Jacksonville race]."

All three Americans had things to be thankful for, including $27,000 in prize money between them—an amount topped by Durgin's haul of $3,000 for second place and $10,000 for the Championships win.

Remarkably, all three had set the best marks for Americans in the event—51:26-51:40-52:01 against the 52:13 by Nell Rojas in 2021. They had taken advantage of good conditions to set a new standard for U.S. women going forward.

The 5K: More than a Fun Run, Less than a Big-Time Race

In 2023, inauguration of the new 5K course in downtown D.C. passed with flying colors. As a standalone event the day before the 10 Mile, with most of mile 1 and mile 3 taking place on Pennsylvania Avenue, the 5K became a special attraction in its own right. It is separated from Sunday's 10 Mile by time, location, setting, and distance, and the absence of prize money and an elite field lends itself to an easygoing atmosphere. Being within walking distance of the National Building Museum which houses the Expo and packet pick up is another plus.

In 2023, 6,000 people came out to run in the rain. It must have been a hit, since 7,000 came in 2024, this time in the sun. Thousands were smiling—the 5K has more smiles per mile than the 10 Mile. Despite a more relaxed atmosphere than the 10 Mile, those who like to race are welcome to race. More serious runners are even invited to join an event made possible by the Saturday date: they can combine their 5K time with a 10 Mile time for the "Double Blossom" competition. The times are not shabby: in 2024 the top five men finished in less than 16:27. The top five women finished in under 19:37.

Casey Greenwalt led the women in 18:14, three ticks ahead of Nilani Duarte. Jonathan Ladson topped the men in 16:09.

An unusual running background for a Double Blossom winner

Jonathan Ladson won not only the 5K, but also the Double Blossom. Combining the 5K in 16:09 winning with clocking 53:40 in the 10 Mile (98th place overall) for a combined time of 1:09:49. Since he averaged 5:12 per mile in the 5K and 5:22 per mile in the three-times- longer 10 Mile, he either held back in the 5K or surpassed himself in the 10 Mile. For evidence, consider that Ladson, age 31, has run the 10 Mile five times since 2019, and 53:40 this year is his fastest time yet—seven seconds better than his previous best in 2021.

Ladson has an unusual background for a distance runner. He did not cross over from cycling or soccer or crew as is often the case. Ladson, a lover of fighting sports, moved from Taekwondo as a kid to amateur boxing as an adult, and served as a sparring partner to professionals. Of that time, he says, boxing was a passion of his and he "dedicated countless hours to training and developing my skills. My goal was to become a professional boxer prior to running."

In 2014 at age 21 he suffered an injury while boxing and turned to regular running to stay in shape before returning to the ring. A friend talked him into a 5K race, and being beaten by young kids prompted him to take the sport more seriously, and he was on his way to excellence in the running game. Self-coached, he researched training methods online and learned through trial and error. Now that he has a family and a full-time job, he says he "must adjust to accommodate my other responsibilities," but nevertheless, "whatever is going on in my life, I always get it done and do not let excuses get in the way."

Ladson likes big challenges. He has run multiple ultramarathons, and in 2023 he circumnavigated the Washington D.C. metro area on a 91.7 mile route pioneered by Michael Wardian. Ladson reports he covered the distance in 17 hours, 53 minutes, and 46 seconds, improving on Wardian's time by one minute and 12 seconds. Through Wardian, Ladson got involved with World Vision (given an A rating by Charity Watch) a charity with a mission to bring clean water to children in Africa. One of Ladson's big challenges in 2024 is to raise $25,000 for World Vision. We should expect he can get it done and not let excuses get in the way.

With thanks to George Banker for bringing us the story of Jonathan Ladson's journey from amateur boxing to long distance running.

Cherry Blossom Board of Directors President Jean Arthur presents Race Director Phil Stewart with a Hall of Fame award—one of three inducted into the Credit Union Cherry Blossom Hall of Fame in 2024.

Les Kinion & Hall of Fame Awards

by Kristen Loflin

Organizers of the Credit Union Cherry Blossom (CUCB) announced the much-anticipated winner of this year's Les Kinion Outstanding Volunteer Service Award as well as the newest inductees into the CUCB Hall of Fame at the pre-race dinner for elite athletes, race committee members, Credit Union Miracle Day partners and special guests.

The inaugural class of CUCB Hall of Fame was introduced as part of last year's 50th Anniversary celebrations. Members of the second class of 2024 are **Bill Brooks**, a long time Credit Union Miracle Day Board Member, **Ed Murray**, race co-director from 1974-1982, and Event Director **Phil Stewart**. Brooks is responsible for bringing Credit Union Miracle Day on as the title sponsor of the event back in 2001, a partnership that is still thriving 23 years later. To this day, he serves as an advocate for the race in the Credit Union industry and is currently in the midst of a three-year streak as the driver of the lead vehicle for the men's race. Playing a role from the beginning, Murray has worn several hats over the last 50 years: co-race director, registration and race results coordinator, and Chief Judge, and he currently as a finish line judge. His dedication from the start was vital to the event's early success and a big reason why it continues to blossom. Stewart has been at the helm since 1991, as either the co-director or solo. His patience, guidance and leadership of over 100 committee members has provided the soil in which the Credit Union Cherry Blossom continues to grow. The Class of 2024 joins Gar Williams, Jeff Darman and Irv Newman in the CUCB Hall of Fame.

Inducted into this year's Hall of Fame class were (from left) longtime Credit Union Miracle Day Board member Bill Brooks, Former Cherry Blossom Co-Race Director (1974-1962) Ed Murray, and current Race Director (1991-Present) Phil Stewart.

"The Credit Union Cherry Blossom has endured and overcome many challenges throughout the years and would not be the beloved event it is without the hard work and passion of individuals like Bill Brooks and Ed Murray. I am honored to be inducted into the Hall of Fame alongside these Cherry Blossom Champions," expressed Stewart.

The evening's agenda also included the announcement of the Les Kinion Outstanding Volunteer Service Award, which has been awarded since 2015. This year's recipient is CUCB Washington Monument Grounds Coordinator Charlie Harr, who leads the setup and tear down of the start/finish area. Known for his professionalism and "can do" attitude, Harr is always willing to assist others to ensure the event operates successfully.

The Les Kinion Award was established in honor of Les Kinion, a Baltimore firefighter with Engine Company 43. By passion, he was first a runner and then a running club officer and race director. In 1970, Les co-founded the Baltimore Road Runners Club, one of the earliest chapters of the Road Runners Club of America. In 1973 he helped launch the first Maryland Marathon. After retiring in 1986, Les moved to Bishopville, MD, and worked on hundreds of races on the Maryland-Delaware Coast. He became involved with the Cherry Blossom Run in the early 1990s coordinating the event's t-shirt operation and was active until he passed away in July 2014 at the age of 78.

Past recipients of the Les Kinion Award include Rob Wolfe, Steve Broyles, Irv Newman, George Tarrico, Michelle Carter, Jean Arthur, Glenn Klenk, Nita Lalla Roncone, Marsha Way, and Danny Talmage. Press releases about each year's award recipient can be found in the archives on the website www.cherryblossom.org

Charlie Harr was recognized for his many years of volunteer work for the Credit Union Cherry Blossom 10 Mile & 5K when he was honored as the recipient of the 2024 Les Kinion Outstanding Volunteer Service Award. Charlie is the Credit Union Cherry Blossom Washington Monument Grounds Coordinator.

The first obligation of a race is to keep runners safe. The medical crew is a major part of that.

The icing station is a vital part of the race's medical services. It can be used to treat inflammation and swelling from injuries (some runners use ice as part of their training regimen), and to head off heat exhaustion which can lead to heat stroke.

Photo: Karen Mitchell

Among the elite women out of the gate, eventual U.S. Women's Champions winner Emily Durgin is front and center. Third place American Annie Frisbie is to her right in the orange top, and two-time Olympian Molly Huddle in white is to her left.

Photo: Karen Mitchell

In the first mile, battle lines are drawn: eventual overall winner Kenyan Wesley Kiptoo (#9) leads fellow Kenyan and runner-up Raymond Magut (#7) and American Hillary Bor (#13) who went on to place third overall and win the U.S. 10 Mile Championships. Kenyan Shadrack Kimining (#5) lost nearly a minute to the others by the end of the race, finishing 10th.

In his quest for the U.S. 10 Mile Record, Hillary Bor drives a hard pace crossing Memorial Bridge with the Lincoln Memorial in the background. Kenyan Raymond Magut (#7) would remain within a few strides of Bor for the remainder of the race.

Shortly after Bor took the lead on Memorial Bridge, Wesley Kiptoo asserts himself again at the front approaching the return trip across the bridge. The see-saw battle between Kiptoo, Magut, and Bor continued for the next eight miles, while others intermittently took turns at the front.

Photo: Karen Mitchell

Shadrack Kimining (#5) takes a turn at the front in the fifth mile, where he stays for the next two miles. American Andrew Colley (#23) hung with the lead group for the next three miles, eventually finishing seventh.

Photo: Karen Mitchell

In the seventh mile, no one in this group wants to concede a top place! From left: Hillary Bor; Nathan Martin (over Bor's shoulder); Raymond Magut; Wesley Kiptoo (over Magut's shoulder; Biya Simbassa; Teshome Mekonen (behind Simbassa); Shadrack Kiming. **Bor, Martin, Simbassa, and Mekonen are all fighting for the U.S. Championship**

Age Graded Quotient

Your age graded quotient helps you compare your performance with the performance of another runner of a different age and possibly a different gender. The number is the ratio between the "world record" time for a runner of your age and gender divided by your time. If the 10 mile "world record" for a 56-year-old woman was 1:00:00 (3600 seconds) and a 56-year-woman ran 1:30:00 (5400 seconds), her age graded performance would be .6666. If the 10 mile "world record" time for a 40 year old male was 48:00 (2880 seconds) and 40-year-old man ran 55:00 (3300 seconds), his age graded quotient would be .8727. This means the 40-year-old male's performance was better relative to his age and gender than the 56-year-old woman's performance.

Photo: Karen Mitchell

At the eight mile mark, the top three—Magut, Kiptoo, and Bor—are within a few strides of each other; Biya Simbassa is directly behind Kiptoo, and Teshome Mekonen directly behind Bor. Nathan Martin is obscured.

Photo: Karen Mitchell

Hillary Bor, concerned that a U.S. record might be slipping away, sets the pace at the seven mile mark.

Photo: Karen Mitchell

Shadrack Kimining, having set the pace for miles three through six, faded to eighth in 46:46, well off the 45:48 he ran in 2022 when he finished second.

Photo: Clay Shaw

Andrew Colley arrived in seventh place, a second behind Mekonen, in 46:38.

1:17:36

Photo: Dan Kolansky

Teresa Kanewske is psyched to finish her second Cherry Blossom 10 Mile

Photo: Dan Kolansky

The nine-minute-per-mile bunch passes under the 14th St. bridge with just over half a mile to go. Dave Wilson (20183) will overtake the pacer to finish in 1:29:49

ENDURANCE

NO ARTIFICIAL FLAVORS

WITH A LIGHTER TASTE

FORMULATED FOR *FARTHER*

Endurance athletes take things farther. Gatorade® Endurance Formula is designed for the specific demands of endurance athletes. On course at over 300 races nationwide.

AVAILABLE IN LEMON-LIME, ORANGE, CHERRY, AND WATERMELON

Gatorade Endurance products are available where the endurance athlete shops – at run, bike and tri specialty stores nationwide, at select Dick's Sporting Goods stores – online at amazon.com and check out GatoradeEndurance.com to determine what local retailers have your product of choice in-stock in real time.

Gatorade® Endurance Formula has nearly twice the sodium (300mg) and more than triple the potassium (140mg) of regular Gatorade® to help meet endurance athletes' needs.

The Kids Run Presented by Warner Bros. Discovery

kids run
Credit Union Cherry Blossom

Photo: George Banker

The Kids' Run is on an out-and-back course and is closely monitored by sentries.

Photo: George Banker

It takes place the Saturday before the Ten Miler.

The Credit Union Cherry Blossom 1/2 Mile Kids' Run starts and finishes at Freedom Plaza

Photo: George Banker

It's a great way to introduce your youngers to the sport...

Photo: George Banker

...and parents are even allowed to run with their children.

Mark Your
Calendar for Next Year's
Credit Union
Cherry Blossom
10 Mile on April 6, 2025
5K on April 5, 2025
Double Blossom on April 5 & April 6, 2025

We are a proud sponsor of the **51st Credit Union Cherry Blossom** event. Congratulations to all the participants on a successful race.

Photo: Clay Shaw

In the first mile, overall winner Sarah Chelangat (#2 on left) of Uganda is already on the front along with Americans Annie Frisbie (#20), Rachel Smith (#6), and eventual U.S. Women's Champion Emily Durgin (#12).

Age Graded Quotient

Your age graded quotient helps you compare your performance with the performance of another runner of a different age and possibly a different gender. The number is the ratio between the "world record" time for a runner of your age and gender divided by your time. If the 10 mile "world record" for a 56-year-old woman was 1:00:00 (3600 seconds) and a 56-year-woman ran 1:30:00 (5400 seconds), her age graded performance would be .6666. If the 10 mile "world record" time for a 40 year old male was 48:00 (2880 seconds) and 40-year-old man ran 55:00 (3300 seconds), his age graded quotient would be .8727. This means the 40-year-old male's performance was better relative to his age and gender than the 56-year-old woman's performance.

Photo: Clay Shaw

In the fourth mile, Baze (in shadow) clings stubbornly to leader Chelangat.

Photo: Clay Shaw

In the third mile, Sarah Chelangat (#2) sets the pace, marked by Kasanesh Baze (#16), Emily Durgin (#12), and three others. Final finish order was Chelangat-Durgin-Baze.

Photo: Clay Shaw

By the five mile mark, Chelangat had opened up a 20 second lead over her closest chasers.

Photo: Clay Shaw

Rounding Haines Point with just over two miles to go, Sarah Chelangat focuses intently on the road ahead, en route to beating a 26-year-old course record by two seconds. Potomac River in the background.

Credit Union Cherry Blossom

Making a DIFFERENCE in our Communities

Thank you

to the credit unions that support this race, the hundreds of credit union volunteers who helped make race day a huge success and the 9,000+ credit union members who run in the race.

Together we were able to raise $550,000, including over $75,000 donated by runners, for Children's Miracle Network Hospitals!

Credit unions strive to make a positive impact through member and community outreach activities. In 2023, credit unions provided $31.8 billion in total financial benefits directly back to consumers across the country.

To learn more about credit unions in your area, please visit **www.mycreditunion.gov**.

9,000+

runners in this year's race
are members of a credit union.

Credit union sponsorship of
this race has raised over

$11.5 million

for **Children's Miracle Network Hospitals**

Photo: Bob Burgess

Friendly rivals Sam Chelanga (15) and Hillary Bor have a chat during warm-up. Bor finished as U.S. 10 Mile champion. Chelanga, now 39, won the race in 2016. This year's overall winner Kenyan Wesley Kiptoo is far left in background

Photo: Bob Burgess

Three inductees into the Credit Union Cherry Blossom Hall of Fame hear accolades at VIP dinner the night before the race. Bill Brooks (left) is a longtime Credit Union Miracle Day Board Member. Ed Murray (center) was co-race director from 1974-1982, and Phil Stewart has been Race Director since 1991.

Photo: Karen Mitchell

Karla Vazquez-Torres, age 48, from San Juan, PR, was 415th among 4,526 women in the 5K in 26:57

1:55:58
